

Submitted by Stewart Campbell – modifies rules specific to road racing. Adds:

7.8.4 Eddy Category

Time Trial events may have an “Eddy Category”. Bicycles used in this category may not have disc wheels, fairings or bar extensions. Wheels with rim depths of more than 40mm may not be used. Time trial specific bicycles are not permitted in this category.

Aero helmets or helmets modified to approximate a tear-drop shape are not permitted. Skin suits are also not permitted in this category.

~~Submitted by Stephen Bedford– adds team requirement-~~ **WITHDRAWN**

~~6.7 Team Requirement for Category 1/2 Major Road and Criterium Races~~

~~Category 1/2 racers are prohibited from racing in major road races and criterium races unless they are part of a team of at least 4 individuals of the same team participating in the same race. Major road and criterium races include but are not limited to Oregon Cup, Oregon Women’s Prestige Series and OBRA Championship races.~~

~~Submitted by Steve Westberg– modified fixed gear in cyclocross rules~~
WITHDRAWN

~~7.10.5 Freewheel requirement exception~~

~~Change from:~~

~~A fixed may be used in races in races where all competitors are similarly equipped. Free wheeled and fixed gear bicycles shall not be mixed in the same mass start event.~~

~~To:~~

~~A fixed may be used in races in races where all competitors are similarly equipped or where the only other competitors are single speed bicycles.~~
